DE PROFISIONÁRIOS DA CAÇA  
E BIODIVERSIDADE

# European Rabbit International Workshop

*Hotel AP Eva Senses, Faro (Portugal)*

*1, 2 and 3 of April 2025*

Organized by:

# 1. Venue

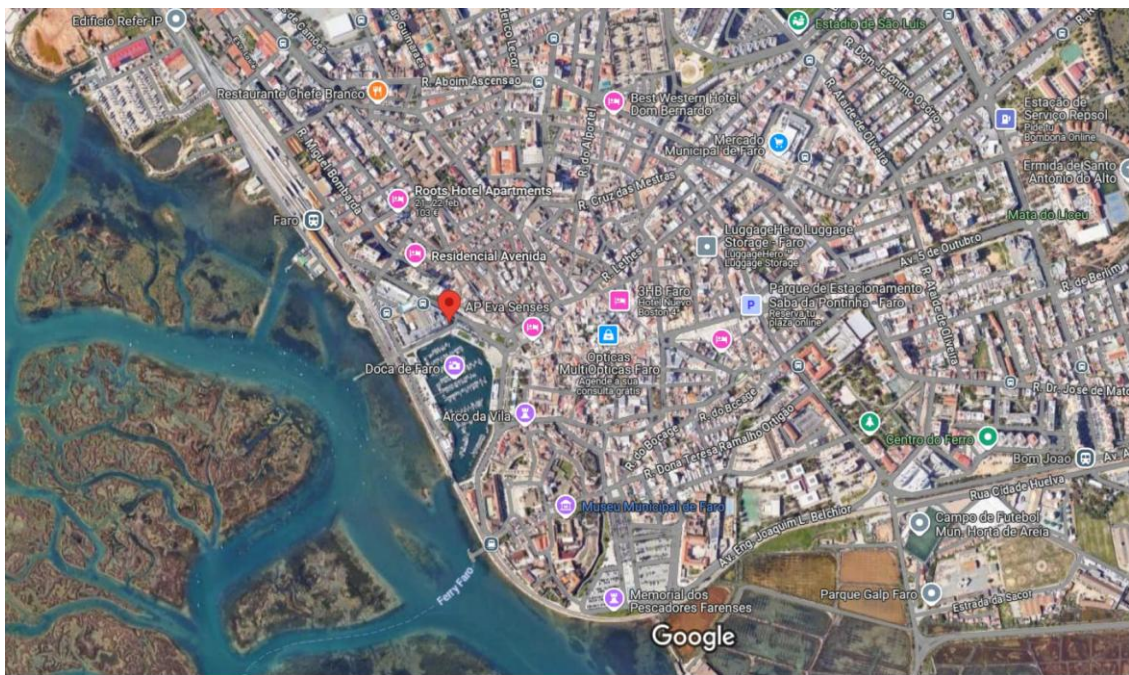

The ERIW25 will be held at a [Hotel AP Eva Senses](#) in Faro, in region of Algarve in Portugal

Situated just 7 km from Faro Airport, the [Hotel AP Eva Senses](#) boasting a privileged view of the Marina and Ria Formosa Natural Park. AP Eva Senses is situated in city centre of Faro, conveniently located near to entertainment venues and the city's historic heritage.

Faro is the capital of the Algarve, in the south of Portugal. The Arco da Vila gives access to the old part of the city, known as Vila Adentro. From here, a maze of streets begins that is well worth walking through to discover its nooks and crannies. Outside the walls is a different city, rebuilt after the earthquake of 1755 by a wealthy nobility and bourgeoisie.

The city is also famous for its gastronomy, with fish and seafood cooked in the cataplana, a typical Algarve copper utensil that is thought to be of Arabic origin.

The Ria Formosa Natural Park is a lagoon system with a large area of marshes, channels and islets where several species of migratory birds can be observed. In the long stretch of sand that separates the estuary from the sea, there are quiet beaches such as the islands of Faro, Farol, Culatra and Deserta.

### 3. Preliminary program

Tuesday, 1<sup>st</sup> APRIL

SESSION	TIME	TALKS	SPEAKER	ENTITY
Opening	10:00 - 11:30	Reception opens		
	11:30 - 11:50	Institutional welcome		
	11:50 - 12:00	Opening	Ramón Pérez de Ayala	WWF Spain
LIFE Iberconejo results	12:00 - 12:25	Iberconejo's achievements: ERICC and standardised monitoring protocols	Anais Martín	WWF Spain
	12:25 - 12:50	Tools for the monitoring: SMART and the Iberconejo's framework	Pablo Flores	WWF Spain
	12:50 - 13:15	Updated Insights on the Distribution and Dynamics of Wild Rabbit Populations in the Iberian Peninsula	Javier Fernández-López	UCM-IREC
	13:15 - 13:40	Immunity to myxoma and rabbit hemorrhagic disease viruses in wild rabbit populations across Portugal: a citizen-science serological survey	Nuno Santos	CiBIO
13:40 - 15:10		LUNCH BREAK		

SESSION	TIME	TALKS	SPEAKER	ENTITY
LIFE Iberconejo results	15:10 - 15:35	From Analysis to Prediction: Exploring and Modeling Rabbit-Induced Crop Damage	Javier Hernández Hernández	WWF Spain
	15:35 - 16:00	Social perceptions of European rabbit management in promotion and damage areas: Agreements and discrepancies	Fernando Garrido & Jorge Ruiz	CSIC-IESA
	16:00 - 16:25	<i>From Conservation to Co-Existence: the case of the European Rabbit *</i>	Javier Fernández Ramos	Altekio
	16:25 - 16:50	Monitoring of rabbit abundance in Rioja Alavesa, (2022-2025), using methodologies of the LIFE Iberconejo Project	Oskar Berdión	ArabaCaza
	16:50 - 17:15	<i>New protocol for myxomatosis and RHD detection in feces *</i>	José Luis Fernández	UEX
18:00	WELCOME RECEPTION

Wednesday, 2<sup>nd</sup> APRIL

SESSION	TIME	TALKS	SPEAKER	ENTITY
Health status	9:00 - 9:25	LagoHealth Project: Assessing the role of the European wild rabbit ( <i>Oryctolagus cuniculus</i> ) in the epidemiology of zoonotic pathogens in Southern Spain	Ignacio García-Bocanegra	UCO
	9:25 - 9:50	Advances and challenges in the knowledge of myxomatosis and RHD in wild rabbit of the Iberian Peninsula	Carlos Rouco	USE
	9:50 - 10:15	Leishmaniasis through a One Health approach in southeastern Spain: the role of wild rabbits	Joaquina Martínez	UGR
	10:15 - 10:40	<i>To be confirmed</i>		
	10:40 - 11:05	<i>Other viral infections in wild leporidae - are we looking too closely at two viruses? *</i>	INIAV	INIAV
	11:05 - 11:30	COFFEE BREAK		
	11:30 - 11:55	A 20-year journey of viral threats in lagomorphs: breakthroughs and milestones	Joana Abrantes	CiBIO

SESSION	TIME	TALKS	SPEAKER	ENTITY
Health status in the populations' recovery	11:55 - 12:20	<i>Population decline of the wild rabbit in the Region of Murcia: from thousands to tens *</i>	UMU / FCRM	UMU / FCRM
	12:20 - 12:45	<i>Effects of phytosanitary products on lagomorph populations *</i>	Mónica Martínez de Haro	
	12:45 - 13:10	Nutrition and Metabolomics: Innovative Approaches for Enhancing Wild Rabbit Populations	Pablo Marín	CEU
	13:10 - 13:35	Technology in favour of wild leporidae - are we in time to change history?	INIAV	INIAV
13:35 - 15:30		LUNCH BREAK		
Managing overabundance	15:30 - 15:55	Storm warnings in the wildlife-human conflicts management	Josep María López & Francesc Cases	GENCAT
	15:55 - 16:20	<i>Management of wild rabbits and their habitat to reduce damage to agriculture *</i>	José D. Anadón	CSIC-IPE
	16:20 - 16:45	The National Game Management Strategy, a framework for monitoring, promotion, health and damage management of wild rabbits	Daniel del Toro	MAPA
16:45 - 17:15		BREAK		

SESSION	TIME	TALKS	SPEAKER	ENTITY
Managing overabundance	17:15 - 17:40	<i>European rabbits and infrastructures *</i>	*	*
	17:40 - 18:05	Assessment of the refuge effect of peri-urban areas for the European Rabbit	Juan Malo	UAM
	18:05 - 18:30	<i>Effects of increasing rabbit abundance in a protected area *</i>	*	*
	20:00	CONFERENCE DINER
